

A 3D perspective diagram of a grey rectangular container with two vertical handles on the front. Two red curved arrows indicate the correct hand placement and lifting motion. One arrow starts from the left handle and curves upwards and outwards. The other arrow starts from the right handle and curves upwards and outwards. Two thin black lines extend from the bottom of the handles towards the bottom of the page.

[illegible]

A 3D rendering of a grey plastic component, likely a hinge or bracket, shown in two positions. The component has a rectangular base with a vertical support and a horizontal arm. The arm is shown in a partially folded position, revealing a hinge mechanism. The component is rendered in a light grey color with soft shadows.
