FEATURES

- Video Light: The waterproof light features 50 watts (up to 25 hours of illumination) and provides a built-in 2200mAh powerbank to keep your phone fully charged throughout your entire video shoot.
- Shotgun Pro Mic: The shotgun mic can run up to 800 hours of recording time, so you never have to worry about running out audio in the middle of your production.
- Flexible tripod: Get scenery shots & professional interviews with this flexi tripod. Attached it to cars, trees and any other object in your surrounding.
- Right angle bracket: The angle bracket serves as a stabilizer and lets you mount all your accessories at once, from your light, mic, phone a combination or all of them at the same time.
- Smartphone mount: The smartphone mount works 100% for smaller older to newer larger phones such as Samsung Galaxy note.

SPECIFICATIONS

- Rate: 30-18000Hz;
- Sensitivity: -40dB(0 dB=1V/Pa at 1K Hz);
- Directional property: Single directional*2
- Output Impedance: 200Ω;
- Noise-signal Ratio 76dB(1 K Hz at 1Pa)
- The max sound pressure level: 120dB (at 1K Hz, harmonic distortion ≤ 1%);
- Power Input: DC 3V.
- Cable length: 28cm;
- Battery type: 3V CR2 battery;
- Battery life: 800 Hrs.
- Dimension: 25*130*60mm
- Weight: 45g
